

Summer

These
marshmallows*
are not
for roasting!

Fun With Science

Lawrence Livermore National Laboratory's Discovery Center

Come explore the Discovery Center and take part in the "Fun With Science" program — a fun way to see and participate in science experiments that explain states of matter, air pressure, density, electricity, light and chemistry.

Summer schedule

Experience "Fun With Science" during the summer from
1:30 to 3:30 p.m.
on June 10 and 17;
July 1 and 15;
and August 5 and 12

Information

Admission is free and each session of "Fun With Science" is the same. Registration is a must. The area of the Lab you will be visiting is open to the general public, so no badging is required. Keep in mind that the area is not accessible by public transit.

Register on the Web: <https://www.llnl.gov/community/discovery-center>

Directions

GPS: The Discovery Center is on Eastgate Drive off Greenville Road in Livermore, near the intersection of Greenville Road and Lupin Way.

Additional directions are on the Web: <https://www.llnl.gov/about/directions>

For further information, contact Diane Nelson, 925-423-3272, or email superscience@llnl.gov

**A science experiment that uses marshmallows as a way to explain air pressure.*
